

Constellation Software's Perseus Operating Group Completes Acquisition of Real Estate Digital

TORONTO, ON, February 1, 2018 – Constellation Software Inc. (“Constellation”) (TSX: CSU), announced today its Perseus operating group (“Perseus”), has purchased Real Estate Digital LLC from Xome Holdings LLC, excluding its reDataVault product which will be retained by Xome. The acquisition further expands Constellation’s market presence in the real estate industry as a leading provider of scalable SaaS products.

Headquartered in Aliso Viejo, California with customers across the United States, Real Estate Digital is a provider of integrated technology, media, and data solutions for real estate franchisors, brokerages, agents, and MLS associations.

About Perseus

The Perseus operating group is a provider of software solutions to a number of vertical markets. As an operating group of Constellation Software Inc., Perseus acquires, manages, and builds software businesses which provide specialized, mission-critical software solutions. Perseus companies seek to become leaders in their markets by improving their operations, growing through organic initiatives, and seeking acquisitions that can strengthen their market position.

About Constellation Software Inc.
