Delaware Transit Corporation Selects Trapeze Group, a Subsidiary of Constellation Software's Volaris Group, to Replace Legacy Intelligent Transportation System

TORONTO, ONTARIO, September 22, 2011 – Constellation Software Inc. (TSX:CSU) today announced that Trapeze Group, a subsidiary of its wholly-owned subsidiary, Volaris Group Inc., has signed a significant contract with Delaware Transit Corporation ("DTC") of Dover, Delaware for replacement of its legacy intelligent transportation system.

The Trapeze solution for DTC includes computer-aided dispatch and automatic vehicle location (CAD/AVL) technology integrated with their existing fixed route and paratransit scheduling and operations management solutions from Trapeze. Also included are mobile dispatch, vehicle component monitoring, cellular data communication, and a fixed site network solution.

The Delaware Transit Corporation provides fixed-route and paratransit bus service statewide and is an operating division of the Delaware Department of Transportation. Learn more at www.dartfirststate.com.

About Trapeze Group
