Gazifère Inc. selects Advanced Utility Systems, a Subsidiary of Constellation Software's Harris Subsidiary, to implement CIS Infinity

Toronto, Ontario, Canada. May 30, 2008 Harris Computer Systems ("Harris"), a subsidiary of Constellation Software Inc. (TSX: CSU) is pleased to announce that Gatineau, Québec based Gazifère Inc. (Gazifère), an affiliate of Enbridge has selected Advanced Utility Systems' CIS Infinity to replace its legacy customer information and billing (CIS) solution.

Founded in 1959, Gazifère is one of two distributors of natural gas in Québec. Gazifère owns and operates a 763.1 km gas supply network providing natural gas to approximately 32,000 residential, commercial, institutional and industrial customers.

CIS Infinity was selected to provide Gazifère with leading edge customer service capabilities, robust CIS functionality, and seamless interoperability with existing information systems. As part of the project scope Advanced will deliver CIS Infinity with the ability to offer both French and English user interfaces to Gazifère employees.

Implementation of CIS Infinity is scheduled to be completed by April 2009.

About Harris:

Harris is a leading provider of financial management and Customer Information Systems (CIS) software solutions. Since 1976, Harris has focused on providing feature-rich and robust turnkey solutions to all levels of local government as well as public power and water markets throughout North America. Harris' focus is on creating long-term relationships with our customers and ensuring that we meet the changing needs of our customers over time.
