

Constellation acquires the assets of the Health - Clinical business from GFI Business Solutions

Toronto, Canada, October 18, 2010 – Constellation Software Inc. (“Constellation”)(TSX: CSU), announced today that it has completed, through its wholly-owned subsidiary N. Harris Computer Corporation (“Harris”), the acquisition of all of the assets of the Health – Clinical business from GFI Business Solutions Inc., a subsidiary of GFI Solutions Group Inc. Under the terms of the Acquisition Agreement, Harris acquired all of the trademarks and intellectual property related to the business as well as has engaged the majority of the employees who were dedicated to this business.

Daniel Desaulniers, General Manager of Harris Quebec, commented, “This acquisition allows us to significantly expand our health sector business in Québec. It demonstrates our interest in continuing to better serve our health sector customers. The addition of the Magistra Suite and Health – Clinical Suite improves our already successful array of products and services dedicated to this market. We are very pleased to welcome to our team approximately fifty new employees who will be able to provide continuity to customers and who will contribute to the growth of our company”.

Gilles Létourneau, President and Chief Executive Officer of GFI Solutions Group said, “The decision to sell the Health – Clinical business is the result of a strategic review of our portfolio of products and services and our commitment to focus the company’s growth on our core offering. We are in an active stage of our development and we wish to concentrate our energy on increasing our presence in new geographic areas and on the synergistic potential of our activities”.
