

## **Metropolitan Water Services of Nashville Selects Systems & Software, a Subsidiary of Constellation Software's Harris Subsidiary**

Toronto, Ontario, Canada, April 12, 2010 – Harris Computer Systems (“Harris”), a subsidiary of Constellation Software Inc. (TSX: CSU) is pleased to announce that the Metropolitan Water Services of Nashville (“MWS”) has selected Systems & Software, a wholly-owned subsidiary of Harris, to implement its enQuesta v4 solution.

“We are delighted to formally announce this long-lasting partnership with the great team at Metro Water Services” expressed Dave Decker, General Manager at Systems & Software. “This is an important project as it brings the rich functionality of our comprehensive solution that MWS urgently needs, deployed with our new enQuesta 4 browser-based technology. With more than 240,000 customer accounts, we are proud to add MWS to our growing base of large water, wastewater and stormwater utilities across the United States.”

### **About Harris:**

Harris is a leading provider of utility customer information systems (CIS), billing, and financial management software solutions. Since 1976, Harris has focused on providing feature-rich and robust turnkey solutions to public power and water markets as well as all levels of local government throughout North America. Harris' focus is on creating long-term relationships with our customers and ensuring that we meet the changing needs of our customers over time. For further information on Harris Computer Systems please visit our website at [www.harriscomputer.com](http://www.harriscomputer.com), or call 888-847-7747.

### **About Constellation:**

Constellation’s common shares are listed on the Toronto Stock Exchange under the symbol “CSU”. Constellation Software is an international provider of market leading software and services to a number of industries across both the public and private sectors. The Company acquires, manages and builds vertical market software businesses that provide mission-critical software solutions to address the specific needs of its customers in those industries.
