

Constellation Software Inc. Reaches Agreement to Acquire Municipal Software Corporation

Toronto, Canada, June 3, 2008 -- Constellation Software Inc. (“Constellation”) (TSX:CSU) announced today that its wholly-owned subsidiary N. Harris Computer Corporation (“Harris”) has reached an agreement to acquire substantially all of the assets of Municipal Solutions Group (“MSG”) (TSX VE:MSZ), including the shares of its wholly-owned operating subsidiary, Municipal Software Corporation (“MSC”) (but excluding those assets which constitute MSG’s “Local Government Manager” product). MSC is focused on the delivery of permits & inspections, planning & zoning, and code enforcement software solutions to municipal government clients throughout North America. MSC will complement Harris’ growing land management solution practice with the addition of a market leading solution and over 125 customers.

The transaction is expected to close in mid to late July and is subject to customary closing conditions, as well as approval by the shareholders of MSG, and receipt of all necessary stock exchange and other regulatory approvals. Harris has entered into an agreement with MSG’s largest single shareholder (which shareholder owns approximately 52.2% of the total number of issued and outstanding shares of MSG) pursuant to which the shareholder has agreed to vote its shares in favour of the transaction.

“This will be Harris’ fifth acquisition in 2008,” commented Bernard Anzarouth, VP, Mergers & Acquisitions of Constellation. “We are pleased with the pace that Harris continues to deploy capital.”
