**Capital Area Transportation Authority Selects Constellation Software's Trapeze Subsidiary**

**Toronto, Ontario, Canada, April 2, 2009 –** Trapeze Software Inc. ("Trapeze"), a subsidiary of Constellation Software Inc. (TSX: CSU) and a leading provider of intelligent transportation systems (ITS) and mobile technologies is pleased to announce that it has signed a significant contract with Capital Area Transportation Authority ("CATA") of Lansing, Michigan for provision of a comprehensive fixed route and paratransit ITS solution along with several additional software solutions to further extend their integrated Trapeze transit enterprise system.

The Trapeze ITS solution for CATA includes a number of in-vehicle technologies for nearly 250 paratransit, fixed route and supervisory vehicles, integrated with CATA's existing back-office scheduling, dispatching, traveler information and operations management solutions from Trapeze.

As well, CATA has selected several additional Trapeze software solutions to further enhance their integrated transit enterprise system including bus stop management, driver training and monitoring and a business intelligence tool designed to meet the specific needs of transit operations.

Capital Area Transportation Authority (CATA) is the regional public transportation provider for the Greater Lansing area.

**About Trapeze Software Inc.**
Trapeze delivers solutions that consider the full 360 degrees of passenger transport. Whether addressing the needs of a single department, an entire organization, or the community, Trapeze provides some of the most advanced software, intelligent transportation systems (ITS) and mobile technologies in the industry. Hundreds of government and commercial organizations across North America, Europe and Asia Pacific have turned to Trapeze to realize efficiencies, enhance the quality and scope of their services, and safely transport more people with less cost.
