

## **Central Ohio Transit Authority Selects Constellation Software's Trapeze Subsidiary for Comprehensive Fixed Route and Paratransit Intelligent Transportation Solutions and Other New Technologies**

**Toronto, Ontario, Canada, May 21, 2009** – Trapeze Software Inc. ("Trapeze"), a subsidiary of Constellation Software Inc. (TSX: CSU) and a leading provider of intelligent transportation systems (ITS) and mobile technologies is pleased to announce that it has signed a significant contract with Central Ohio Transit Authority ("COTA") of Columbus, Ohio for provision of a comprehensive fixed route and paratransit ITS solution along with several additional software solutions to further enhance their integrated Trapeze transit enterprise system.

The Trapeze ITS solution for COTA includes a number of in-vehicle technologies for paratransit and fixed route vehicles, integrated with COTA's existing back-office scheduling, dispatching, traveler information and driver management solutions from Trapeze.

As well, COTA has selected several additional Trapeze software solutions to further enhance their integrated transit enterprise system including interactive voice response capabilities and real-time next bus arrival information.

Central Ohio Transit Authority (COTA) is the regional public transportation provider for the Central Ohio area based in Columbus Ohio.

### **About Trapeze Software Inc.**

Trapeze delivers solutions that consider the full 360 degrees of passenger transport. Whether addressing the needs of a single department, an entire organization, or the community, Trapeze provides some of the most advanced software, intelligent transportation systems (ITS) and mobile technologies in the industry. Hundreds of government and commercial organizations across North America, Europe and Asia Pacific have turned to Trapeze to realize efficiencies, enhance the quality and scope of their services, and safely transport more people with less cost.
