

Constellation Software Inc. Files Final Prospectus and Declares Dividend in Connection with Proposed Topicus.com Spin Out

TORONTO, December 18, 2020

As previously announced, on May 20, 2020, Constellation Software Inc. (“Constellation”) (TSX:CSU), acting through its TSS operating group and its subsidiary TPCS Holding B.V., entered into a binding agreement with IJssel B.V. to purchase 100% of the shares of Topicus.com B.V. (“Topicus”), a Netherlands-based diversified vertical market software provider. In connection with the anticipated closing of the acquisition and the subsequent public listing of the subordinate voting shares of Topicus.com Inc., TSS will be spun out of Constellation and will operate together with Topicus as a separate publicly traded company.

Constellation announced today that it has filed and obtained a receipt for a final prospectus with the securities regulatory authorities in each of the provinces and territories of Canada in connection with the proposed spin-out.

Constellation also announced today that it has resolved to pay a special dividend (the “Dividend”) pursuant to which all common shareholders of record on December 28, 2020 (the “Record Date”) will be entitled to receive, by way of a dividend-in-kind, 1.859817814 subordinate voting shares of Topicus.com Inc. (the “Spin-Out Shares”) for each common share of Constellation held. The payment date for the Dividend is expected to be on or about January 4, 2021. As both December 25 and 28, 2020 are statutory holidays in Canada, the common shares of Constellation will commence trading on an ex-dividend basis at the opening of markets on December 23, 2020.

The Spin-Out Shares have been conditionally approved for listing on the TSX Venture Exchange, subject to Topicus.com Inc. fulfilling all of the listing requirements. Trading of the Spin-Out Shares on the TSX Venture Exchange is expected to begin approximately 30 days following completion of the acquisition of Topicus.
